

Midwinter Online Conference 2023

Session 8: Casting a fishing net for SUSHI data, by Laura Beane and Marie Day (Kennesaw State University)

Q1: Do you have your report templates in the Share Folders for other ExLibris customers?

Please see this presentation that ExLibris is using as a template for upcoming out-of-the-box reports. ACRL/IPEDS Title, Volume, and Circulation Counts in Alma Analytics

Q2: Is there a way to combine the sushi stats with stats from springshare and libguides

We have not tried this yet, but there are several solutions for combining data sets, such as Alma Data Visualization, Tableau, etc.
